

LUBEMATE EK-SERIES ENCLOSED HOSE REELS

The Lubemate EK-Series Enclosed Hose Reels represent a clean, aesthetically neat full size hose containment solution for even the largest workshop applications. The reels are constructed of sturdy powder coated steel with stamped form for strength and fully enclosed spring and swivels for protection. Longevity is assured by equally robust multiple placement mounting brackets. The narrow form of the EK-Series Enclosed Hose Reels from Lubemate offers a reliable & cost-effective solution for your service bay fluid handling.
